Practical Information

POWER OUTLETS

For Slovenia there are two associated plug types, types C and F. Plug type C is the plug which has two round pins and plug type F is the plug which has two round pins with two earth clips on the side.

Slovenia operates on a 230V supply voltage and 50Hz. It is advised to travel with an adapter.

TIPPING

Tips are essential for many service industry workers. Your all-inclusive AdZENTure includes a standard tip for all meals and planned excursions. However, if you LOVED an experience and feel like you'd like to offer an additional gratuity for an experience or an excursion, please feel free to do so! Based on previous experience, we advise guests to bring \$50-100USD for additional/optional tips.

CASH & CARDS

Cards are generally accepted everywhere in Slovenia with the exception of small boutiques and artisans. We suggest guests bring \$100-200USD worth of local currency (EURO €) for personal purchases, additional excursions and/or added gratuity.

Cell Phone/Data Plan

CHECK WITH YOUR CARRIER REGARDING INTERNATIONAL RATES

Check with your carrier to understand the international rules/offer for your data/phone plan. If needed, you can usually add an international data plan for the duration of your trip. If that's not an option or expensive, we recommend using an e-SIM.

What's an e-SIM? An eSIM is an industry-standard digital SIM that allows you to activate a cellular plan from your carrier without having to use a physical SIM. You can install eight or more eSIMs on an iPhone and use two phone numbers at the same time.

Travel Insurance

MEDICAL COVERAGE REQUIRED ON OUR ADZENTURE

Our Yoga Studies Immersion in Slovenia is quite active, we do require proof of international medical coverage for all guests. It's possible that your primary insurance holder covers international medical emergencies. Please verify that you have international coverage and provide the policy information in the Guest Form that you receive after submitting your deposit.

Travel insurance is also suggested in the unfortunate instance that guests have to cancel their trip for any reason and are unable to receive a refund from AdZENTures. Please refer to our refund and cancellation policy for more information. If guests are unable to join the retreat, travel insurance will often issue a refund when purchased within 7 days of the original purchase. We advise that all guests book travel insurance within a week of submitting your deposit for your AdZENTure in order to protect your investment!

Medical coverage is required. Travel insurance is not required, it's suggested. Travel insurance often includes air transport in the case of an emergency. Please ask us if you have questions about this and your AdZENTures team can give you some suggestions!

One of the recommended travel insurance providers is IMGlobal because it is designed for adventurous travelers with cover for overseas medical, evacuation, baggage and a range of adventure sports and activities.

IMGLOBAL

Travel Credit Card

CHASE SAPPHIRE

We often receive inquiries from guests as to what we recommend for a travel credit card, the entire AdZENTures Team uses the Chase Sapphire Reserve but the Preferred is also a great option. Both cards have an annual membership fee, so research what works best for you, if you're interested in signing up.

When you sign up for a new card, there are typically travel point incentives (which can help pay for your flight or hotels), no international fees, reimbursement for Global Entry and TSA Precheck as well as access to airport lounges. Not only that, but most **travel expenses purchased on the card, are covered (to a certain extent) through the inherent insurance through the Chase credit card.**

Please note, we are NOT experts and are in no way providing detailed descriptions of what is covered by this card. We are not employees or contractors of Chase. This is simply a recommendation and referral for guests who are interested.
